

Waterproofing Coatings

**WORLD-CLASS
CHEMICALS**

Dolphin Bituminous Waterproofing Coating

Dolphin Bituminous Waterproofing Coating is a high performance cold applied single component system specially designed from a blend of specific resin and rubber reinforced with water repelling fillers, minerals stabilizer and gelling agent. Dolphin Bituminous Coating can be applied over several types of substrates as waterproofing and protective coating.

APPLICATIONS AREA

- Waterproofing and protection for wet areas, kitchens and substructures
- Vapour barrier coating for walls and floor
- Waterproofing system for shaded or tiled roofs
- Waterproofing for polyurethane foam slab
- Waterproofing for polyester built up roofs
- Maintenance of existing roofs, masonry and concrete walls
- Recommended for both horizontal & vertical applications

KEY FEATURES

- Single component, easy to apply, eliminating the need for mixing or heating and hence saved labor costs
- High tensile strength and elongation
- Excellent adhesion to substrate and non-cracking
- Highly elastic product and cures to rubber like membrane
- Can withstand severe causes of expansion, contraction and deck movements.
- Highly resistant to oxidation, UV light and ozone
- Resistance to peeling, chipping and/or separation and longer life.
- Suitable for metal substrate

Dolphin Bitu Coat Waterproofing Coating

Dolphin Bitu Coat Waterproofing is a high performance cold applied single component coating system specially designed from a blend of specific resin and rubber reinforced with special water repelling fillers, minerals stabilizer and gelling agent. Dolphin Bitu Coat can be applied over several types of substrates as waterproofing and protective coating.

APPLICATIONS AREA

- Waterproofing and protection for wet areas, kitchens and substructures
- Vapour barrier coating for walls, floor and shaded or tiled roofs
- Waterproofing for polyurethane foam slab and polyester built up roofs
- Maintenance of existing roofs, masonry and concrete walls
- Recommended for both horizontal and vertical applications

KEY FEATURES

- Single component, easy to apply, eliminating the need for mixing or heating and hence saved labor costs
- Excellent adhesion to substrate. Non-cracking
- Highly elastic product and cures to rubber like membrane
- Highly resistant to oxidation, UV light and ozone
- Resistance to peeling, chipping and /or separation and hence longer life

Dolphin Duct Canvas Coating 36 - 36 Dolphin Duct Canvas Coating 36 - 36 AF

The two variants of Dolphin Duct Canvas Coatings are a single component, high strength and flexible coating which have the sealing capability of an adhesive and sealant, forming a durable seal against air/water leakage. Due to its excellent water and UV abrasion resistance, it can be used as an indoor and outdoor thermal insulation system.

APPLICATIONS AREA

- Protective indoor lag coating
- Finishing the insulation materials in combination with reinforcing fabric (e.g. canvas cloth on air conditioning ducts)
- Coating the cold water pipes
- Coating on polystyrene or Polyurethane foam
- Coating to the joints or edges of fibrous duct liner insulations to seal and prevent air leakage

KEY FEATURES

- Super adhesion and high strength
- Non toxic & non flammable
- UV and chemical resistance
- Anti bacterial and easy to apply
- Ideal for hot and humid climatic conditions
- High temperature resistance
- Coating is washable with mild soap

Dolphin Aquafix Acrylic Waterproofing Coating

Dolphin Aquafix is a special synthetic resin based waterproofing coating system. It has excellent flexibility and thixotropic nature. Hence, it makes Dolphin Aquafix an ideal fit to use on vertical as well as horizontal surfaces.

APPLICATIONS AREA

- Waterproofing for asbestos cement, concrete and terrazzo tiles
- Recommended for both horizontal and vertical applications
- It can be applied on wood and metal surfaces

KEY FEATURES

- Environmentally safe
- Easy application and good coverage
- Excellent UV resistance
- Suitable to most of the surfaces
- Resistance to abrasion or light
- Pedestrian traffic.

DOLPHIN WATERPROOFING COATINGS ARE AVAILABLE IN BELOW PACKAGING

Sr. No.	Volume	Packaging type
1.	5 kg	Bucket
2.	10 kg	Bucket
3.	25 kg	Bucket
4.	200 Ltr	Drum
