4. FIRST AID MEASURES

Inhalation	: Move to fresh air. Restore breathing, if necessary. Call a physician if symptoms persist.
Skin Contact	: Wash with soap and water. Remove contaminated clothing and launder. Get medical attention if irritation develops or persists.
Eye Contact	: Immediately flush eyes with plenty of water for at least 20 minutes retracting eyelids often. Tilt the head to prevent chemical from transferring to the uncontaminated eye. Get immediate medical attention and monitor the eye daily as advised by your physician.
Ingestion	: Do not induce vomiting and seek medical attention immediately. Drink two glasses of water or milk to dilute. Do not give anything by mouth to an unconscious person. Induce vomiting as a last measure. Induced vomiting may lead to aspiration of the material into the lungs potentially causing chemical pneumonitis that may be fatal.
Note to Physician	: Treatment is symptomatic.

5. FIRE FIGHTING MEASURES

Media suitable for Extinguishing	: Use water spray, foam, dry chemical, or carbon dioxide.
Special exposure hazards arising from the substance or preparation itself, its combustion product, or released gases	: In the event of fire, the following can be released: Smoke, irritating vapor, Carbon Monoxide (CO) and Carbon Dioxide (CO2)
Special protective equipment for firefighters	: Wear self-contained breathing apparatus and protective suit.
Further information	: In the event of fire, vapor is heavier than air and can travel to ignition source and flash back.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions	: Wear personal protective equipment; Ensure adequate ventilation.
Environment precautions	: Do not discharge into drains / surface water / groundwater.
Methods for cleaning up	: Soak up with inert absorbent material (e.g. sand, sawdust). Collect spilled materials in suitable containers and dispose of according to Section 13.

Precautions for Safe Handling	: Mildly irritating material. Avoid unnecessary exposure. Keep away from heat, sparks, and flame. Wash thoroughly after handling. Keep container closed. Emptied container retains vapor and product residue. Observe precautions until container is cleaned. Drum of this material should be grounded when pouring. Do not cut or weld on or near this container. Avoid contact with skin and eyes.
Proper Storage Condition	: Store in a cool, dry, ventilated location. Keep away from heat, sparks, flame, and other sources of ignition. Keep container closed.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Occupational exposure controls	: Avoid contact with skin and eyes. Do not breathe vapors. Avoid repeated exposure. Wear suitable protective equipment. Hold eye wash fountain available. Hold emergency shower available. Remove soiled or soaked clothing immediately. Clean skin thoroughly after work.
Engineering Controls	: Proper ventilation is recommended for controlling exposures. Local exhaust is preferred.
Respiratory Protection	: Use appropriate respirator unless local exhaust ventilation is sufficient.
Hand Protection	: Latex gloves.
Eye Protection	: If risk of splashing, wear safety goggles with side shields.
